

| Variety | Height | Spread | Flowering | Description |
|---------------------------|--------|--------|---|---|
| 'Abba Dabba Do' | 24" | 60" | Light lavender flowers in early July | LARGE - GREEN W/ GOLD EDGE. TOLERATES SUN. Sport of H. 'Sun Power'. Large upright, slightly wavy, variegated mound. Pointed green leaves with gold margins. |
| 'Avocado' | 24" | 50" | Pale lavender flowers on 3 ft. scapes in Aug. | LARGE - GOLD W/ GREEN EDGE. FRAGRANT FLOWERS. Sport of H. 'Guacamole'. Medium gold foliage with very wide green margin (2"). Fast growth rate. |
| 'A Many Splendored Thing' | 24" | 43" | Pale lavender flowers in mid-summer | LARGE - GREEN W/ GOLD EDGE. A 'Dorothy Benedict' X hypoleuca cross. Large round, corrugated dark green foliage with a wide greenish yellow margin. Slow to mature. |
| 'Abiqua Drinking Gourd' | 20" | 46" | Near-white flowers on 24" scapes in late June | MEDIUM – BLUE. Deeply cupped, heavily corrugated, round blue-green foliage with thick substance. Probably has the deepest cupped foliage of any hosta. Slow to mature. |
| 'Allan P. McConnell' | 13" | 39" | Purple flowers mid-July into early August | SMALL - GREEN W/ WHITE MARGIN. TOLERATES SUN. Dark green foliage with crisp white margin. Vigorous, dense, round, compact hosta is good for edging or groundcover. |
| 'Allegan Fog' | 18" | 40" | Pale lavender flowers on 24" scapes in July | MEDIUM - FROSTED WHITE FOLIAGE. Slightly twisted leaves have a speckled green and white center with a green margin. Compact, mounding habit. Viridescent hosta-becomes mostly green by late summer. Fairly rapid growth rate. |
| 'Ann Kulpa' | 24" | 44" | Pale lavender flowers in mid summer | LARGE - WHITE W/GREEN EDGE. Large heart-shaped leaves have a clean white center with a chartreuse overlay where the center & green edge overlap. Fast grower. |
| 'Aqua Velva' (NA) | 28" | 36" | Fragrant lavender flowers in mid-July | LARGE – BLUE. FRAGRANT FLOWERS. Large, oval, cupped, corrugated, deep blue-green foliage. Very glaucous. |
| 'Archangel' | 20" | 57" | Pale lavender flowers on 27" scapes in July | MEDIUM - GOLD. Chartreuse color early, changing to medium gold by early summer. Slightly corrugated, attractive dense mounds. Needs sun to bring out leaf color (except in the hottest regions). Slow to mature. |

| Variety | Height | Spread | Flowering | Description |
|-----------------------|--------|--------|---|---|
| 'Aristocrat' | 14" | 22" | Pale lavender flowers | SMALL - BLUISH GREEN W/ WHITE EDGE. Sport of H. 'Hadspen Blue'. Thick, glaucous, heart-shaped powder blue leaves. Yellow-cream margin in spring turns creamy-white |
| 'August Moon' | 20" | 42" | Lavender flowers mid-July into early Aug. | MEDIUM - GOLD. TOLERATES SUN. Bright gold color intensifies in more light. Moderate corrugation with good substance. Vigorous to fast growth. HOSTA CLASSIC! |
| 'Azure Snow' | 20" | 45" | Medium lavender flowers from Aug. to Sept. | MEDIUM - BLUE. Large sky-blue foliage with slight rippling & powdery white undersides. Very glaucous. Only H. 'hypoleuca' seedling with blue foliage. Moderate growth rate. |
| 'Baby Bunting' | 8" | 6" | Pale, bell-shaped lavender flowers in midsummer | MINI - BLUE-GREEN. Forms a dense, compact mound. Round-heart shaped leaves with good substance. |
| 'Banana Muffins' | 20" | 50" | Lavender flowers in July | MEDIUM – GOLD. Light green to medium gold foliage. Leaves are round, moderately cupped, heavily corrugated & have a dull texture. Slow to mature. |
| 'Band of Gold' | 22" | 24" | Pure white flowers open early | MEDIUM / LARGE – GREEN W/ GOLD EDGE. Broad green foliage edged with very wide gold margin that turns creamy-white later in the season. |
| 'Betcher's Blue' (NA) | 16" | 40" | Near-white flowers late June into July | MEDIUM – BLUE. Unusual deeply cupped, heavily corrugated foliage – deep blue-green (dark green later). Slow to mature. |
| 'Big Daddy' | 26" | 49" | Near-white flowers on 30" scapes in late June | LARGE – BLUE. Rich blue-green foliage, heavily corrugated with thick substance. One of the best and most distinctive of the Elegans Group. Slug resistant. Slow to mature. |
| 'Big Mama' | 28" | 60" | Near-white flowers on scapes up to 4 ft. mid-June into July | LARGE – BLUE-GREEN. Dark blue-green foliage, very heavily corrugated with thick substance. Excellent background or specimen plant. Very slug resistant. Slow to mature. |
| 'Big Top' | 32" | 41" | Near-white flowers in July on 3 foot scapes. | XLARGE - GREEN. Large upright mound of blue-green foliage with thick substance. Medium to slow growth rate. Makes a perfect focal point for the center of shade garden. |
| 'Bigfoot' | 30" | 69" | Near-white flowers open in dense clusters in June-July | XLARGE – BLUE-GREEN. Thick, large mound of slug-resistant, blue-green foliage. Excellent background plant. |

| Variety | Height | Spread | Flowering | Description |
|--------------------------|--------|--------|---|--|
| 'Biggie' | 31" | 61" | Pale lavender flowers from late July -Aug. on 3 foot scapes. | XLARGE - GREEN. Large dark green mound of heavily corrugated foliage with thick substance. Slug resistant. Medium to slow growth rate. |
| 'Birchwood Parky's Gold' | 17" | 43" | Many lavender flowers in July | MEDIUM – GOLD. Small to medium heart-shaped leaves. Excellent for many landscaping purposes: edging, ground cover, specimen. Forms a dense, symmetrical mound; good show of flowers. Fast growth rate. |
| 'Bitsy Gold' | 6" | 12" | Lavender bee-shaped flowers late summer. | MINI – GOLD. A wonderful gold longissima hybrid suitable for edging or specimen use in the rock garden. Long narrow gold leaves form a small, low dense mound. |
| 'Bix Blues' | 22" | 54" | White flowers in July on 2 foot scapes. | MEDIUM - BLUE. Dense mound of blue foliage. Hybrid of 'Halcyon X 'H. sieboldiana 'Elegans'. Medium to slow growth rate. |
| 'Black Hills' (NA) | 22" | 48" | Pale lavender flowers late June into July | MEDIUM / LARGE-GREEN. Shiny, deep green, heavily corrugated, slightly cupped leaves with good substance. Fast growth rate. |
| 'Blue Angel' | 32" | 70" | Near-white flowers on scapes up to 44" late June to late July | XLARGE – BLUE-GRAY. TOLERATES SUN. Dark blue-gray to deep blue-green foliage. Heavily corrugated with thick substance. Medium growth rate. Outstanding flower display and good slug resistance. #13 AHS POPULARITY POLL. |
| 'Blue Arrow' | 16" | 36" | Pale lavender flowers on 28" scapes late July into mid-August | MEDIUM – BLUE-GREEN. Semi-upright mound of wavy, arrow-shaped leaves. Excellent, rich blue-green color with good substance. Slug resistant. Fast growth rate. |
| 'Blue Betty Lou' | 24" | 55" | Medium lavender flowers on scapes up to 46" in July | LARGE – BLUE-GREEN. Semi-upright mound of deeply cupped, moderately corrugated, rich blue-green foliage. Good substance. Slug resistant. Slow to mature. |
| 'Blue Cups' | 26" | 36" | | LARGE – BLUE. Stunning blue H. sieboldiana foliage with the most pronounced "cup" ever seen! |
| 'Blue Diamond' | 19" | 34" | Pale lavender flowers in mid-July – Aug | MEDIUM - BLUE-GREEN. One of the larger Tardianas. Outstanding blue-green foliage with thick substance. Slug resistant. Moderate growth rate. |

| Variety | Height | Spread | Flowering | Description |
|--------------------|--------|--------|---|---|
| 'Blue Flame' | 18" | 40" | Fragrant, pale lavender flowers on 30" scapes in August. | MEDIUM - BLUISH GREEN W/ YELLOW EDGE. FRAGRANT FLOWERS. Yellow-edged sport of 'Fragrant Blue'. Blue-green leaves with wavy, yellow edge. Medium growth rate. |
| 'Blue Hawaii' | 30" | 42" | Fragrant white flowers on 44" scapes in early summer | LARGE - BLUE. FRAGRANT FLOWERS. Upright vase-shaped with blue corrugated, heart-shaped leaves. Holds it's color very well. |
| 'Blue Mammoth' | 30" | 70" | Near-white flowers on scapes up to 32" high mid-June into mid-July. | XLARGE – BLUE. Gigantic mound of heavily corrugated, deep blue-green foliage with thick substance. Outstanding flower display. Slug resistant. HIGHLY RATED! |
| 'Blue Moon' | 10" | 23" | Near white flowers on 18" scapes in late July | SMALL – BLUE. Deeply cupped, heavily corrugated, heart-shaped, deep blue-green foliage with thick substance. Slug resistant. Slow to mature. |
| 'Blue Mouse Ears' | 6" | 12" | Lavender flowers on short scapes | MINI – BLUE-GREEN. Mutation of H. 'Blue Cadet'. Small, round, blue-green foliage, with very thick substance. Nice, compact, symmetrical mound. |
| 'Blue Umbrellas' | 32" | 72" | Pale lavender flowers on 36" scapes. | XLARGE - BLUE-GREEN. Blue-green cordate leaves (which turn deep green later in the season) are 12" x 72" with excellent substance and texture. Rapid grower. Shiny leaves cup downward. |
| 'Blue Wedgewood' | 19" | 44" | Pale lavender flowers in late July - Aug. | MEDIUM – BLUE. Very deep blue-green, wedge-shaped foliage with excellent substance. One of the bluest cultivars at its peak. Slug resistant. Fast growth rate. |
| 'Blue-haired Lady' | 16" | 40" | White flowers on 30" in July | MEDIUM - BLUISH GREEN. Outstanding substance, shine and dense clump habit. Turns dark green by mid-summer. |
| 'Bold Edger' (NA) | 19" | 45" | Medium lavender flowers mid-July to mid-Aug. | MEDIUM – GREEN W/ WHITE EDGE. Medium to dark green center with wide yellow margin turns creamy -white. Dense mound habit. Slug resistant. Fast growth rate. |
| 'Brave Amherst' | 20" | 50" | Near- white flowers in late June through July | MEDIUM – BLUISH GREEN W/ GOLD EDGE. Round blue-green foliage with thin gold margin. Margins do not scorch. Slug resistant. Slow to mature. |

| Variety | Height | Spread | Flowering | Description |
|-----------------------|--------|--------|---|---|
| 'Brenda's Beauty' | 18" | 46" | Pale lavender flowers mid July into Aug, | MEDIUM – GOLD W/ GREEN EDGE. Chartreuse center turns very light yellow, with average substance. One of the best H. 'Gold Standard' sports. Medium to fast growth rate. |
| 'Bright Glow' | 13" | 36" | Near- white flowers in late June into mid-July | SMALL – GOLD. Leaves are chartreuse early, brightening considerably by mid-summer, with thick substance. Excellent slug resistance. |
| 'Bright Lights' | 19" | 52" | Near- white flowers in June-July | MEDIUM – GOLD W/ BLUE-GREEN EDGE. A larger and much faster growing form of H.'Tokudama Aureonebulosa'. Mound of gold centered, blue-green margined foliage with thick substance and heavy corrugation. |
| 'Brother Ronald' (NA) | 16" | 35" | Pure white flowers in mid-July into August | MEDIUM – BLUE. Deep blue-green foliage that is long lasting. Very glaucous with moderate corrugation and thick substance. Excellent slug resistance. A top hybrid in the Tardiana group. BEAUTIFUL! |
| 'Bunchoko' | 6" | 12" | Dark violet flowers | MINI - GREEN W/ WHITE EDGE. Very similar to H. 'Ginko Craig". Dark green foliage with white margin and some gray streaking toward center. |
| 'Camelot' | 17" | 42" | Pale lavender flowers early summer | MEDIUM – BLUE. 'Frosty' intense blue-green foliage. Blade nearly heart-shaped with thick substance. Excellent slug resistance. Slow to moderate growth rate. |
| 'Candy Hearts' | 17" | 43" | Pale lavender flowers in July | MEDIUM – GREEN. Rounded dense mound of attractive, heart-shaped green foliage. Fast growth rate. |
| 'Carnival' | 18" | 44" | Medium lavender flowers in mid-July into August | MEDIUM – GREEN W/ GOLD EDGE. Broad dark green foliage with wide, irregular margin turns gold to creamy- white. Medium growth rate. |
| 'Cat's Eyes' | 5" | 14" | Tiny pale purple flowers in July | MINI – GOLD W/ GREEN EDGE. Cute rosettes of yellow-centered green margined foliage. Medium growth rate. |
| 'Celestial' | 22" | 48" | Pale lavender flowers on 33-36" scapes in late June to mid July | MEDIUM / LARGE – GREEN W/ WHITE EDGE. Dark green center with wide, creamy- white margin. Heavily corrugated foliage with thick substance. Improvement on 'Northern Halo' & other white-edged Sieblodiana-types. Medium to slow growth rate. |

| Variety | Height | Spread | Flowering | Description |
|---------------------------|--------|--------|--|---|
| 'Chartreuse Wiggles' | 8" | 6" | Lavender flowers in late summer | MINI - GOLD. Very narrow, 'wiggly' foliage. Likes 1/2 day of sun. |
| 'Cheatin Heart' | 2" | 6" | Lavender flowers | MINIm - GOLD. Deep gold with heart- shaped leaves and a slightly rippled margin. |
| 'Chesapeake Bay' | 24" | 56" | Near-white flowers in mid summer | LARGE - BLUE. Large 'oyster-shaped' blue leaves remind the breeder of underwater plants in a current when the leaves are moved by the wind. |
| 'Chesterland Gold' | 18" | 20" | Pale lavender flowers in mid July to Aug. | MEDIUM – GOLD. All gold sport of H.'Paul's Glory' with same heavy substance. Leaves emerge chartreuse and later turn bright gold. Slug resistant. Moderate growth rate. |
| 'Choko Nishiki' (NA) | 22" | 48" | Very pale lavender flowers on 40" scapes in July | MEDIUM / LARGE – GOLD W/ GREEN EDGE. Good substance. Bright gold center in spring with green margin. Center changes to chartreuse by mid-July and green by Aug. if grown in shade. Late emerging in spring. |
| 'Choo Choo Train' | 22" | 60" | Near- white flowers on 3 ft. scapes | MEDIUM / LARGE – GOLD. Bright gold, heavily rippled foliage with thick substance. |
| 'Christmas Tree' | 23" | 56" | Medium lavender flowers in late June to late July | LARGE – GREEN W/ WHITE EDGE. Heart-shaped, dark green center with yellow margin; turns creamy - white. Moderately corrugated with good substance. Red seed pods in late summer. Slug resistant. Outline resembles Christmas tree. Fast growth rate. |
| 'Cinnamon Sticks' | 11" | 20" | Lavender flowers on dark red scapes in Sept. | SMALL – GREEN. Pale green foliage with many red dots on the petiole. Thick substance. Wonderful, low-growing cultivar that has long intrigued collectors for its dark red scapes. |
| 'City Lights' | 27" | 55" | Near-white flowers on 31" scapes in mid-June to early July | LARGE – GOLD. Very bright, satiny gold foliage with moderate bloom and heavily corrugated. One of the best gold leaved Sieboldiana-type hostas. Slug resistant. Slow to mature. |
| 'Clear Fork River Valley' | 26" | 51" | Very pale flowers on 32" scapes in late June. | LARGE - GREEN. Ranks as one of the best dark green hostas for its intense corrugation, thick substance and great slug resistance. Medium to slow growth rate. |
| 'Cookie Crumbs' | 5" | 16" | Pale purple flowers on 12-16" scapes in July | MINI – GREEN W/ WHITE EDGE. Very cute variegated sport of 'Tiny Tim'. Heart-shaped leaves have green center with wide white margin. Medium to fast growth rate. |

| Variety | Height | Spread | Flowering | Description |
|---------------------|--------|--------|---|--|
| 'Corkscrew' | 9" | 22' | Lavender flowers in September, on forked scapes | SMALL- GREEN. Dark green, glossy mound of twisted and curled foliage. |
| 'Cracker Crumbs' | 5" | 19" | Pale Purple flowers on 13" scapes in July | MINI - GOLD-W/ GREEN EDGE. Tight, dense mound of shiny gold-centered foliage (turns chartreuse) with a wide green margin. Slightly wavy, with average substance. Fast growth rate. |
| 'Crepe Suzette' | 6" | 18" | Very pale lavender flowers in July. | MINI – GREEN W/ WHITE EDGE. Small mound of rounded leaves with dark green centers and variable margins of cream to yellow. Highly rated introduction. Slow to mature. |
| 'Crested Surf' | 16" | 40" | Medium purple flowers in Aug. | MEDIUM – GREEN W/ WHITE EDGE. Rippled petioles! Foliage undergoes significant seasonal changes. Top honors at 1990 AHS convention leaf show. Fast growth rate. Great ground cover. |
| 'Dab a Green' | 20" | 45" | Pale lavender flowers in July on 30-40" scapes. | MEDIUM - GOLD W/ DARK GREEN EDGE. Tissue culture sport. Differs by its narrower more distinct margin. Medium growth rate. |
| 'Dancing Queen' | 24" | | Pale lavender flowers in mid summer | LARGE - GOLD. Broad, wedged-shaped leaves have a wonderful rippled edge. |
| 'Dawns Early Light' | 20" | 36" | Light lavender flowers on 30" scapes in early summer | MEDIUM – GOLD. Heart-shaped, ruffled, corrugated, bright gold foliage turns chartreuse. A 'Golden Tokudama' that does not scorch. Fast growth rate. |
| 'Daybreak' | 24" | 50" | Lavender flowers on 34" scapes in August. | LARGE - GOLD. Heart-shaped leaves with excellent gold color and heavy texture. Unusual sprawling mound habit. |
| 'Deep Blue Sea' | 15" | 36" | Lavender flowers in midsummer | MEDIUM – BLUE. Compact, rich blue, cupped, round foliage, with thick substance and heavily corrugated. |
| 'Deluxe Edition' | 27" | 56" | White flowers on 34" scape high summer | LARGE – GREEN. Upright mound. Long architectural stems to 30" topped by thick, satiny, dark olive-green, textured leaves. Slug resistant. Slow to average growth rate. |
| 'Designer Genes' | 12" | 30' | Purple flowers in July with crimson red petioles | SMALL - GOLD. Bright gold foliage with sharply contrasting rich, red petioles. Medium to fast growth rate. |
| 'Diamond Tiara' | 14" | 26" | Pale purple flowers on scapes up to 24" from mid July to early August | SMALL– GREEN W/ WHITE EDGE. Neat, dense mound with medium green center and bright white margin. Sport of 'Golden Tiara'. Fast growth rate. |

| Variety | Height | Spread | Flowering | Description |
|--------------------|--------|--------|---|--|
| 'Diana Remembered' | 15" | 36" | Fragrant white flowers on 24" scapes in late summer | MEDIUM – BLUISH GREEN W/ WHITE EDGE. FRAGRANT FLOWERS. TOLERATES SUN. Satiny, blue-green foliage with very wide, irregular, creamy-white margin. Great sun tolerance. Fast growth rate. SUPERB HOSTA! |
| 'Dick Ward' (NA) | 21" | 56" | Pale lavender flowers in early summer | MEDIUM – GOLD W/ GREEN EDGE. Large, bright gold, heavily corrugated foliage with irregular, dark green margin. Perhaps one of the best non-burning, gold centered H. Sieboldiana. Great specimen plant, a sport of 'Zounds'. Slug resistant. Slow to mature. |
| 'Diva' | 24" | 50" | Very pale lavender flowers on 3ft. scapes in June-July | LARGE – GOLD. Heart-shaped, bright gold foliage with slightly rippled margins, moderate corrugation and thick substance. Medium growth rate. IMPRESSIVE HOSTA! |
| 'Dragon Tails' | 7" | 21" | Lavender flowers in mid summer | MINI - GOLD. Fast growing clump of long, narrow gold leaves with a wavy edge. |
| 'Dust Devil' | 23" | 50" | Lavender flowers on 30" scapes in late July into August | LARGE – GREEN W/ WHITE EDGE. Dark green center with wide margin that changes from chartreuse to creamy -white. A "reversed" sport of H.'Whirlwind'. Fast growth rate. |
| 'Early Sunrise' | 6" | 12" | Lavender flowers | MINI – GOLD W/ GREEN EDGE. Golden leaves edged in green with waviness and twisting. Virtually unknown Japanese selection was named in Holland and "discovered" at Apple Court in England. Gift from the National Collection of miniature Hosta. |
| 'Earth Angel' | 36" | 60" | Pale lavender flowers in early summer | XLARGE – BLUISH GREEN W/ WHITE EDGE. A white-edge mutation of H. 'Blue Angel'. Large heart-shaped, blue-green leaves with a wide creamy-white margin (yellow in spring). The first giant blue hosta to have a border. |
| 'El Capitan' | 22" | 50" | Lavender flowers on scapes up to 40" mid July into early Aug. | LARGE – GREEN W/ GOLD EDGE. Dark green foliage with wide gold margin. Heavily corrugated with good substance. Impressive large mound of nice variegation. Medium to fast growth rate. |
| 'Elegans' | 28" | 60" | Near-white flowers are produced on 35" scapes from mid-June into early July | LARGE –BLUE. TOLERATES SUN. Deep blue-green color with heavily corrugated, moderately wavy leaves. Very glaucous with thick substance. Slug resistant. Standard to which all other blue-green hostas are compared. |

| Variety | Height | Spread | Flowering | Description |
|------------------------|--------|--------|---|---|
| 'Elvis Lives' | 18" | 60" | Medium lavender flowers mid July into early Aug. | MEDIUM –BLUE. Semi-upright, vase shaped mound of wavy, blue-green foliage. Smooth texture with average substance. Just imagine long wavy blue-suede leaves undulating to the sound of 'Blue Suede Shoes' . Excellent growth rate. |
| 'Embroidery' | 15" | 30" | Near- white flowers late July into mid-Aug. | SMALL / MEDIUM – GREEN. Wide, corrugated, medium green margin and contrasting smooth, lighter green center - thus, an 'embroidered' effect. COLLECTOR'S PLANT because of low supply and high demand (hard to reproduce via tissue culture). |
| 'Emerald Ruff Cut' | 12" | 30" | Pale Lavender flowers on 28" scapes in July | SMALL - GOLD W/ GREEN EDGE. Gold center with wide, dark green ruffled edge. Medium growth rate. |
| 'Emerald Tiara' | 17" | 35" | Pale purple flowers mid-July into early Aug. | MEDIUM – GOLD W/ GREEN EDGE. Gold center with green leaf margin has the reverse variegation pattern of H.'Golden Tiara'. Fast growth rate. |
| 'English Sunrise' (NA) | 14" | 30" | Pale lavender flowers on 24" scapes late July into mid-August | SMALL / MEDIUM – GOLD. Sport of H. 'June'- identical except does not have blue border. Medium sized mound of gold foliage; striking when combined with 'June' and "Halcyon' in group plantings. |
| 'Eternal Flame' | 10" | 24" | Pale lavender flowers in mid summer | SMALL – WHITE W/ GREEN EDGE. Sport of H.'Whirlwind'. Creamy white center that stays white with dark green margin. |
| 'Fair Maiden' | 14" | 18" | Pale lavender flowers in early summer | SMALL – GREEN W/ WHITE EDGE. Foliage emerges in the spring w/ dark green leaf center and irregular yellowish-white margin, eventually turning white. Very striking! Slow to mature. |
| 'Faith' | 16" | 40" | Pale lavender flowers on 20" scapes. | MEDIUM - GOLD. The corrugation in the thick rounded leaves is amazing! |
| 'Faithful Heart' | 10" | 24" | Pale purple flowers in July | SMALL – GOLD W/ GREEN EDGE. Green edged sport of H. Cheatin Heart' with a light gold center. Average substance. Medium to fast growth rate. |
| 'Fantabulous' | 26" | 36" | Lavender flowers in mid summer | LARGE – GREEN W/ WHITE EDGE. Pointed, slightly rippled, dark green foliage with wide creamy - white margin. |

| Variety | Height | Spread | Flowering | Description |
|----------------------|--------|--------|--|---|
| 'Fat Cat' | 23" | 52" | Lavender flowers on 30" scapes in July | LARGE - Acts like a smaller version of H. 'Sum and Substance', but has a more heavily corrugated, brighter foliage. Slug resistant. Requires AM sun. |
| 'Feather Boa' | 11 | 27" | Dark purple flowers on 16" scape in July | SMALL – GOLD. Dense mound of narrow, bright, pale yellow foliage turning chartreuse. Feathery ruffled edges. Thin substance. Fast growth rate. |
| 'Fire and Ice' | 10" | 20" | Lavender flowers on white scapes in mid- summer | SMALL – WHITE W/ GREEN EDGE. This spectacular sport of H.'Patriot' has pure white centers and a very dark green margin. Heavy substance. |
| 'First Frost' | 14" | 36" | Very pale lavender flowers on 24-30" scapes in late July. | SMALL - BLUISH GREEN W/ GOLD EDGE. Margined sport of 'Halcyon'. Center blue in spring, gradually turning dark green, with gold edge turning creamy white. Medium growth rate. |
| 'First Mate' | 10" | 21" | Dark lavender flowers in midsummer | SMALL - GREEN and WHITE. Long, wavy leaves with wide dark-green margin. Upright clump. |
| 'Flame Stitch' | 18" | 24" | Purple flowers on white scapes in early summer. | MEDIUM – WHITE W/ GREEN EDGE. White centered leaves are framed with streaky green, variegated margins. Reversed sport of H. ventricosa 'Aureomarginata'. A collector's hosta. Slow to mature. |
| 'Formal Attire' (NA) | 26" | 60" | Pale lavender flowers on 36" scapes late July into mid-Aug. | LARGE – GREEN W/ WHITE EDGE. Dense mound of medium green foliage, with very wide margin that change from yellow to creamy white. Better than average substance. |
| 'Fragrant Blue' | 18" | 45" | Fragrant pale lavender flowers on 35" scapes in July. | MEDIUM – BLUE. FRAGRANT FLOWERS. Frosty blue, smooth foliage. Good substance. Slug resistant. |
| 'Fragrant Bouquet' | 22" | 48" | Fragrant very pale lavender flowers on 30" scapes mid- August to early Sept. | MEDIUM / LARGE – GREEN W/ WHITE EDGE. FRAGRANT FLOWERS. TOLERATES SUN. Pale green center color with creamy irregular yellow margin turns white by early summer. Rapid growth rate. 1998 HOSTA OF THE YEAR. #16 AHS POPULARITY POLL. |

| Variety | Height | Spread | Flowering | Description |
|--------------------|--------|--------|--|---|
| 'Fragrant Dream' | 24" | 50" | Fragrant, pale lavender flowers on 40" scapes in August. | LARGE - GREEN W/ WHITE EDGE. FRAGRANT FLOWERS. Sport of 'Fragrant Bouquet' with a much darker green center. Smooth texture with average substance. Fast growth rate. |
| 'Francee' | 21" | 45" | Medium lavender flowers mid July to early August. | MEDIUM – GREEN W/ WHITE EDGE. TOLERATES SUN. Rich dark green, heart-shaped foliage, with a narrow white margin. Has become the standard white-margined hosta. Good growth rate. Margins hold all season long (even in the sun). |
| 'Frances Williams' | 28" | 60" | Near-white flowers on 32" scapes mid-June into July | LARGE – BLUISH GREEN W/ GOLD EDGE. Sport of H. sieboldiana 'Elegans'. Wide gold yellow margin with blue-green center. Heavily corrugated with thick substance. Slug resistant. #23 AHS POPULARITY POLL. |
| 'Fried Bananas' | 24" | 36" | Fragrant large white flowers in August | LARGE – GOLD. FRAGRANT FLOWERS. Sport of H. 'Guacamole'. Large mound of glossy gold leaves. Color intensifies in bright light. Fast growth rate. |
| 'Friends' | 12" | 24" | Lavender flowers in late summer | SMALL - GOLD. Vigorous spritzer emerges chartreuse and brightens to yellow. Rippled leaves have a slight twist. |
| 'Fujibotan' | 20" | 24" | Fragrant full double lavender flowers on 48" scapes | MEDIUM – GREEN. FRAGRANT FLOWERS. Found growing wild on Mt. Fuji and is rarely found in the US. It has beautiful FULLY DOUBLE lavender flowers--an exquisite sight in late summer. |
| 'Garden Party' | 30" | 60" | Near-white flowers on 40" scapes in late June into July | XLARGE – GOLD W/ GREEN EDGE. Sport of H.'Golden Sculpter'. Vase-shaped mound of medium to bright gold centered foliage with medium green margin. Thick substance. Medium growth rate. Spectacular Hosta specimen! |
| 'Geneva Stark' | 16" | 20" | Pale lavender flower in mid to late summer | MEDIUM – WHITE W/ GREEN EDGE. Stunning white centered leaves with irregular, dark green margin. Good substance. Emerges late. Fast growing. |

| Variety | Height | Spread | Flowering | Description |
|---------------------|--------|--------|---|--|
| 'Ghost Spirit' | 20" | 42" | Pale lavender flowers on 30" scapes late June into July | MEDIUM – WHITE W/ BLUE-GREEN EDGE. Heart-shaped foliage is misted green and white in center (turns faint mist –greener- by mid-summer) with wide blue-green margin. Excellent growth rate. |
| 'Ginko Craig' | 14" | 44" | Medium purple in mid-Aug. to Sept. | SMALL – GREEN W/ WHITE EDGE. TOLERATES SUN. Low, dense mound of narrow, green foliage with white margin. Good growth rate. Premier edging plant! |
| 'Glory' | 16" | 42" | Purple flowers June to July | MEDIUM – GOLD. H.'August Moon' hybrid. Heart-shaped, bright yellow foliage with slight ruffling. |
| 'Gold Edger' | 12" | 30" | Medium lavender flowers late June into mid-July | SMALL – GOLD. TOLERATES SUN. Dense mound of heart-shaped gold foliage. Fast growth rate. Nice edger or groundcover. |
| 'Gold Standard' | 22" | 40" | Lavender flowers on 30" scapes late July into August. | MEDIUM - GOLD W/ GREEN EDGE. Always near the top of the popularity poll. Vigorous grower and multiplies rapidly. Too much light fades the gold to white. Outstanding classic hosta. |
| 'Golden Friendship' | 19" | 36" | Lavender flowers in mid-July | MEDIUM – GOLD. Semi upright clump of shiny gold, deeply cupped foliage with excellent substance. |
| 'Golden Sculpture' | 33" | 72" | Near- white flowers late June into mid-July | XLARGE – GOLD. TOLERATES SUN. Vase-shaped mound of bright gold, heavily corrugated foliage with thick substance. Impressive specimen or background plant. |
| 'Golden Tusk' | 22" | 48" | Near- white flowers on 36" scapes late June into mid-July | MEDIUM / LARGE – GOLD. Gold-leaved sport of H. 'Wooly Mammoth'. Medium to bright gold foliage with thick substance. Medium growth rate. |
| 'Golden Waffles' | 16" | 24" | Very pale lavender flowers late June into mid-July | MEDIUM – GOLD. TOLERATES SUN. Heavily corrugated, chartreuse foliage turning to bright gold. Good substance and crinkling to the leaf. Slow to mature. |
| 'Grand Tiara' | 14" | 36" | Lavender flowers in mid-summer. | SMALL – GREEN W/ GOLD EDGE. Sport of 'Golden Tiara' has a broader more pronounced yellow, chartreuse margin with narrow, dark green center. Thick substance. Fast growth rate. |

| Variety | Height | Spread | Flowering | Description |
|-------------------------------|--------|--------|--|---|
| 'Great American Expectations' | 26" | 48" | Near- white flowers in early summer | LARGE –WHITE W/ BLUE-GREEN EDGE. H. Sport of 'Great Expectations' with larger leaves, taller scapes and faster growth rate |
| 'Great Arrival' | 26" | 50" | Near-white flowers on 24-30" scapes late June into mid-July. | LARGE - BLUE-GREEN W/ GOLD EDGE. Heavily corrugated with thick substance. Medium to slow growth rate. This is a reversion of 'Great Expectations'. Does not develop spring desiccation burn. |
| 'Great Expectations' | 24" | 50" | Near-white flowers on 30" scapes late June into July | LARGE – WHITE W/ BLUE-GREEN EDGE. Sport of H. 'Elegans'. Light, creamy, yellow center (turns creamy white) w/ wide, irregular, blue-green margin (turns green). Heavily corrugated & thick substance. Slug resistant. Slow growth rate. #7 AHS POPULARITY POLL. |
| 'Great Lakes Gold' | 24" | 60" | Pale lavender flowers in July | LARGE - GOLD. Large, upright mound of bright gold foliage with rippled margins. Good substance. Medium growth rate. Perhaps the best new golden piecrust. |
| 'Green Mouse Ears' | 8" | 18" | Pale purple flowers on 12" scapes in July | MINI - GREEN. Medium to dark green, round, deeply cupped foliage with thick substance. Medium growth rate. |
| 'Green Piecrust' | 28" | 63" | Very pale lavender flowers from mid- June into July | LARGE – GREEN. Large mound of heavily rippled, dark green foliage. Many distinctive rippled margins, hence 'piecrust'. |
| 'Greensleeves' | 18" | 40" | Pale lavender flowers from mid-July into August on 30" scapes. | MEDIUM - GOLD W/GREEN EDGE. Medium sized mound of creamy yellow to white-centered foliage with a dark green margin. Medium growth rate. |
| 'Grey Ghost' | 30" | 60" | Near -white flowers in June | XLARGE - BLUE. Sport of H.'Blue Angel'. Leaves emerge 'ghostly' translucent white, turning yellow and finally blue. Ideal specimen plant because of its leaf color metamorphosis! Fast growth rate. |
| 'Guacamole' | 24" | 54" | Fragrant near-white flowers on 38" scapes throughout August. | LARGE – GOLD W/ GREEN EDGE. FRAGRANT FLOWERS. TOLERATES SUN. Glossy, chartreuse foliage with a wide, dark green margin. The reverse variegated sport of 'Fragrant Bouquet'. Fast growth rate. 2002 HOSTA OF THE YEAR. #5 AHS POLL. |

| Variety | Height | Spread | Flowering | Description |
|------------------|--------|--------|---|---|
| 'Guardian Angel' | 28" | 55" | Near-white flowers on 3-4ft. scapes late June into mid-July | LARGE – GREEN W/ BLUE-GREEN EDGE. Misted white and green leaf center surrounded by blue-green margin; turns dark green by mid-summer. Thick substance. Medium growth rate. #24 AHS POPULARITY POLL. |
| 'Hacksaw' | | | Lavender flowers bloom very late in the season. | SMALL - GREEN. SUN TOLERANT. Rapid grower with long narrow and tapered leaves which are intensely rippled and serrated. Very distinctive! |
| 'Hadspen Blue' | 18" | 43" | Very pale lavender flowers late July into mid-August. | MEDIUM – BLUE. A Tardiana. Very glaucous, deep blue-green, broad foliage with moderate corrugation and thick substance. One of the bluest cultivars ever developed. Slug resistant. HOSTA CLASSIC! |
| 'Hakumuo' | 12" | 33" | Pale purple flowers from late June into mid-July. | SMALL - WHITE W/GREEN EDGE. White-centered, slightly wavy foliage that is sometimes speckled green and white. Green margin. Excellent in containers. Medium growth rate. |
| 'Halcyon' | 16" | 40" | Very pale lavender flowers on scapes up to 28" mid-July into mid-August | MEDIUM – BLUE. TOLERATES SUN. A Tardiana. One of the most popular blue-leaved hostas. Outstanding dense mound of deep-blue foliage with thick substance. Slug resistance. #14 AHS POPULARITY POLL. |
| 'Hanky Panky' | 12" | 30" | Lavender flowers on 2 ft scapes in midsummer | SMALL - DARK GREEN W/GOLD EDGE. Sport of H.'Striptease'. Displays narrow white thread between the two patterns, changing to creamy-yellow. VERY UNUSUAL HOSTA! |
| 'Harriette Ward' | 30" | 60" | Very pale lavender flowers from mid-June into early July on 30"scapes. | XLARGE - GOLD. Brilliant gold foliage of excellent substance. Becomes an excellent large-sized specimen or background plant. Slow growth rate. |
| 'Heart Broken' | 12" | 30" | Pale purple flowers on 20" scapes in July | SMALL – GREEN. Dense mound of wavy, round, chartreuse foliage; turns medium green. Average substance. Medium to fast growth rate. |
| 'Heartache' (NA) | 20" | 42" | Deep purple flowers on 40" scapes from mid-July – Aug. | MEDIUM – GOLD. Heart-shaped, slightly wavy, medium gold foliage, with moderate corrugation and good substance. Striking combination of golden foliage with purple flowers. |

| Variety | Height | Spread | Flowering | Description |
|---------------------|--------|--------|---|--|
| 'Heatwave' | 20" | | Near-white flowers in early summer | MEDIUM - GOLD W/BLUE EDGE. Tetraploid of H.'Bright Lights'. Thick blue leaves with gold interior. Over time leaves become heavily corrugated. Slug resistant. |
| 'Hi Ho Silver' | 12" | 16" | Dark purple flowers on 16" scapes in August. | SMALL - GREEN W/ WHITE EDGE. Lance-shaped, wide, white edged sport of H. 'Ginko Craig'. Slightly smallr and better size for edging. Clean, crisp looking plant! |
| 'Hidden Cove' | 8" | 17" | Pale purple flowers in July | MINI - GREEN. Upright, arrow-shaped, slightly wavy foliage that is light green in the center (center turns yellow) with a medium green margin. Thin substance. Fast growth rate. |
| 'Hippodrome' | 15" | 40" | Near-white flowers on 20" scapes in July | MEDIUM - BLUISH GREEN W/ GOLD EDGE. Foliage has light green center with a creamy yellow margin. Slightly wavy with a thin substance. Medium to fast growth rate. |
| 'Hyuga Urajiro' | 10" | | Near white flowers open on nearly horizontal stems in early summer. | SMALL - FROSTY BLUE. Frosty blue, spear-like leaves with yellow streaks. The underside are metallic silver. A collector's gem. |
| 'Ice Age Trail' | 16" | 36" | Dense clusters of near-white flowers from late June into mid-July. | MEDIUM - BLUE-GREEN. Heavily streaked combination of blue-green and gold, broadly ovate foliage. Thick substance. This is a beautiful streaked sport of 'Big Daddy'. Slug resistant. Slow growth rate. |
| 'Indigo' | 12" | 25' | Near-white flowers on 1 foot scapes in early Aug. | SMALL - BLUE. Hybrid of H.'Halcyon'. Tremendous Tardiana-type cultivar that has intense blue foliage. Slug resistant. |
| 'Inniswood' | 22" | 48" | Near white flowers mid-June into July | MEDIUM / LARGE - GOLD W/ GREEN EDGE. Medium to bright gold center with dark green, wide margin. Moderately wavy with heavy corrugation and thick substance. Slug resistant. Great specimen plant. #18 AHS POPULARITY POLL. |
| 'Iron Gate Delight' | 16" | 36" | Fragrant very pale purple flowers on 24" scapes in August. | MEDIUM – GREEN W/ WHITE EDGE. VERY FRAGRANT FLOWERS. Green foliage with wide, creamy -white edge. Often, there is creamy white streaking throughout. Resembles an improved H. 'So Sweet'. |
| 'Island Charm' | 12" | 16" | Pale purple flowers on 18" scapes in July | SMALL – WHITE W/ GREEN EDGE. Creamy -white center with green margins. Purple red petioles. |

| Variety | Height | Spread | Flowering | Description |
|--------------------|--------|--------|--|--|
| 'Jimmy Crack Corn' | 24" | 48" | Near-white flowers in early summer | LARGE – GOLD. Large gold leaves with deeply impressed veins. Piecrust edge. Leaves held horizontally. |
| 'June' | 15" | 30" | Pale lavender flowers open on 20" scapes late July into August | MEDIUM – GOLD W/ BLUE-GREEN EDGE. Gold centered sport of H. 'Halcyon'. Thick substance. One of Judy's favorite hostas! Likes some morning sun for best coloration. 2001 HOSTA OF THE YEAR. # 1AHS POPULARITY POLL. |
| 'Kabuki' | 14" | 30" | Pale lavender flowers on 24" scapes in July | SMALL - GREEN W/ WHITE EDGE. Foliage has a medium green center with a creamy white border. Fast growth rate. Plant this beauty next to a super blue hosta ,i.e.. 'Hadspen Blue', one of it's parents! |
| 'Katie Q' | 18" | 45" | Pale lavender flowers on 18-30" scapes in July. | MEDIUM - GREEN W/ GOLD EDGE. Slightly wavy foliage with a medium to dark green center (bluish early) and a medium gold margin. Average substance. Fast growth rate. Outstanding vivid colors. |
| 'Kifukurin Hyuga' | 18" | 34" | Deep lavender flowers on 2 ft. scapes in Sept. | MEDIUM - GREEN W/ GOLD EDGE. Shiny, pointed foliage with a medium green center (fades to white) and a creamy yellow, rippled margin. Average substance. |
| 'King Tut' | 18" | 46" | Near-white flowers on 37" scapes late June into mid-July | MEDIUM - GOLD. Heart-shaped, brilliant gold foliage with moderate corrugation and thick substance. Slug resistant. |
| 'Kinkaku' | 18" | 43" | Very pale lavender flowers | MEDIUM - GOLD - GREEN EDGE. H. 'Montana' sport collected in Japan. Light gold-chartreuse center with narrow, irregular, rippled dark green margin. Slow to mature. |
| 'Kiwi Skyscraper' | 30" | 60" | Pale lavender flowers in July | XLARGE - BLUE. H 'Sagae' hybrid. Upright, large mound of rich blue foliage with excellent substance and texture. Slow to mature. Will stand out anywhere! |
| 'Komodo Dragon' | 28" | 72" | Pale lavender flowers in early summer. | LARGE - GREY-GREEN. Large mound of heart-shaped grey-green leaves. Semi-upright mound. Becomes an excellent large-sized specimen or background plant. |

| Variety | Height | Spread | Flowering | Description |
|---------------------------|--------|--------|---|---|
| 'Korean Snow' | 12" | 30" | Bright purple flowers on 20" scapes mid-Aug. into Sept. | SMALL - FROSTED WHITE FOLIAGE. TOLERATES SUN. Early misted green and white foliage changing to a shiny medium green. Smooth texture with good substance. Slow growth rate. |
| 'Koriyama' | 12" | 28" | Lavender flowers from late July into August | SMALL - GREEN W/ WHITE EDGE. Glossy, medium green foliage with creamy-white, wavy margins. Fast growth rate. |
| 'Krossa Regal' | 33" | 60" | Medium lavender flowers on scapes 36-63" end of July to mid-Aug. | XLARGE - BLUE-GRAY. TOLERATES SUN. Huge, vase-shaped mound of frosty blue foliage (actually more of a 'powdery gray'). Slug resistant. Very glaucous with thick substance. Classic hosta.# 8 AHS POPULARITY POLL. |
| 'Krugerrand' | 30" | 72" | Pale lavender flowers in July | XLARGE - GOLD. Upright mound of bright gold foliage with thick substance. Slow to moderate growth rate. |
| 'Laevigata' | 12" | 29" | Many stems of spider-like violet flowers on scapes up to 43" late Aug. into Sept. | SMALL - GREEN. Recently discovered in Korea, this species was selling for \$200 in 1996. Dense mound of very wavy, narrow, glossy bright green foliage. Smooth texture with good substance. |
| 'Lakeside Babyface' | 8' | 24" | Pale purple flowers in July | MINI - GREEN W/ WHITE EDGE. Small, heart-shaped foliage with dark green center and a creamy yellow to white margin. Thick substance and slightly wavy. Fast growth rate. |
| 'Lakeside Butter Ball' | 18" | 40" | White Flowers in July | MEDIUM - GOLD. Heavily corrugated with thick substance. Medium growth rate. |
| 'Lakeside Contender' | 18" | 40" | Very pale lavender flowers in July | MEDIUM - GOLD. Upright mound of bright gold foliage with a thick substance and a shiny finish. Medium to slow growth rate. |
| 'Lakeside Dragonfly' | 18" | 40" | Pale lavender flowers on 24" scapes mid-July. | MEDIUM - BLUE - GREEN W/ WHITE EDGE. Leaves are lanced shaped with tapered bases. Fast growing with a mound like habit. |
| 'Lakeside 'Kaliedoscope'' | 16" | 40" | Near white flowers from late July into August | MEDIUM - BLUISH GREEN W/ WHITE EDGE. Wide, irregular, creamy-white margin often producing gray-green streaks into the blue green center. Slightly rippled margin. Fast growth rate. |
| 'Lakeside Little Tuft' | 7" | 20" | Pale purple flowers in July. | MINI - WHITE W/GREEN EDGE. White-centered, slightly wavy foliage with a wide, shiny, dark green margin. Medium to fast growth rate. |

| Variety | Height | Spread | Flowering | Description |
|------------------------|--------|--------|--|--|
| 'Lakeside Spellbinder' | 13" | 37" | White flowers in July | SMALL - WHITE W/ GREEN EDGE. Narrow, creamy-white center with a wide, dark green margin. Good substance. Fast growth rate. |
| 'Leather Sheen' | 14" | 30" | Lavender flowers on 20" high scapes from early to mid-July | SMALL - GREEN. Dense mound of very shiny, dark green foliage. One of the shiniest and darkest-leaved hosta's. Thick substance-like leather. |
| 'Lemon Frost' | 10" | 24" | Purple flowers in July | SMALL- GOLD W/ WHITE EDGE. White-edged sport of H.'Lemon Lime'. Foliage has a chartreuse center with a pure white margin. Fast growth rate. Rapidly forms divisions. |
| 'Leola Fraim' | 22" | 51" | Medium lavender flowers on 30-42" scapes from early to late July | MEDIUM - GREEN W/ WHITE EDGE. Dark green center with a wide, irregular creamy margin. Moderate corrugation. Ornamentally equal to 'Patriot & 'Minuteman'. |
| 'Liberty' | 28" | 38" | Lavender flowers in early summer | LARGE - BLUISH GREEN W/ GOLD EDGE. Sport of H. 'Sagae'. Semi-upright clump of extraordinarily thick, blue-green leaves, edged with a very wide, golden yellow border, changing to cream in summer. Slow to mature. |
| 'Lily Pad' | 12" | 20" | Purple spider-like flowers late Aug. into early Sept. | SMALL - GREEN. Unusual round, shiny, dark green foliage with excellent substance-----like a lily pad! |
| 'Limey Lisa' | 10" | 20" | Lavender flowers in July on 18" scapes. | SMALL - GREEN. Very cute spoon-shaped, lime-green foliage forms a wide spreading, low, flat mound. Very rapid grower in containers! |
| 'Linda Sue' | 20" | 50" | Near-white flowers from mid-June into early July on 35" scapes. | MEDIUM - BLUE-GREEN W/GOLD EDGE. Blue-green centered foliage with a wide, gold margin. Heavily corrugated with a very thick substance. Slug resistant. This is a thick-leaved sport of 'Francis Williams'. INCREDIBLE! |
| 'Little Razor' | 6" | 16" | Pale lavender flowers open on 18" scapes from early to late July | MINI- GOLD. Low, dense mound, of narrow, gold foliage with very good substance. |
| 'Little Sunspot' | 6" | 12" | Light lavender flowers in early summer | MINI - GOLD W/ GREEN EDGE. Sport of H. 'Little Aurora'. Features a dramatic, wide green margin and a brilliant gold center. |
| 'London Fog' | 12" | 30" | Pale lavender flowers in July on 10-20" scapes | SMALL - GREEN W/ WHITE SPECKLING. Sport of H.'Allegan Fog'. Foliage is completely misted and unusual. |

| Variety | Height | Spread | Flowering | Description |
|--------------------|--------|--------|---|--|
| 'Lothar the Giant' | 24" | 50" | Near-white flowers on 3 foot scapes in July. | LARGE - GREEN. Deep dark green leaves with thick substance and slug resistant. Slow growth rate. |
| 'Love Pat' | 19" | 36" | Near-white flowers late June into early July | MEDIUM - BLUE. Mound of round, intensely corrugated, very glaucous, deep blue-green foliage that stands the heat! Slug resistant. Premier blue-foliaged hosta. #15 AHS POPULARITY POLL. |
| 'Lucy Vitols' | 18" | 40" | Medium lavender flowers late June into mid-July | MEDIUM - GOLD W/ GREEN EDGE. Mildred Seaver believes this may be her best introduction. Matures as an attractive mound of gold-centered, dark green margined foliage that has heavy substance and intense corrugation. |
| 'Marilyn' | 17" | 43" | Lavender flowers on 25" scapes from late June into mid-July | MEDIUM - GOLD. Moderately dense mound of slightly wavy gold leaves. Red petioles with white, waxy backs. Very good substance with medium to fast growth rate. Excellent ground cover or edging. |
| 'Masquerade' | 6" | 18" | Medium purple flowers late June into mid-July | MINI - WHITE W/ GREEN EDGE. Narrow, white centered leaves edged by irregular dark green margin. Also known as H. venusta 'Variegated'. |
| 'May' | 15" | 30" | Pale lavender flowers on 16" scapes. | MEDIUM - GOLD. SUN TOLERANT. Sport of H. 'June'. Very vigorous and same size as 'June', except this is an all gold form. |
| 'Medusa' | 6" | 15" | Purple flowers in late summer. | MINI - GOLD W/ GREEN EDGE. Very long, snakelike leaves with yellow centers and green margins. The leaves have a rippled edge. |
| 'Merry Sunshine' | 13" | 22" | Pale lavender flowers midseason | SMALL - GREEN W/ WHITE EDGE. Heart -shaped, corrugated leaves are medium green, with gold overtones, edged with wide, creamy-white margins. Heavy substance. Underside of leaves are white. |
| 'Metallic Sheen' | 28" | 60" | Pale lavender flowers open from late July into August | LARGE - BLUE-GRAY. Hybrid of H.s. 'Elegans' X 'Sum and Substance'. Very large open mound of thick substance, metallic gray-blue foliage. |
| 'Mildred Seaver' | 19" | 50" | Pale lavender flowers from early to late July | MEDIUM - GREEN W/ WHITE EDGE. Thick, blue-green foliage with a creamy white margin. Slight to moderate corrugation. Moderate growth rate. Named for the queen of hostas. |

| Variety | Height | Spread | Flowering | Description |
|---------------------|--------|--------|---|---|
| 'Millie's Memoirs' | 12" | 24" | White flowers are borne early summer | SMALL - GREEN W/ GOLD EDGE. Outstanding mutation of 'Aspen Gold'. Dark green leaves edged with a wide gold margin. Leaves are heavily substantced, corrugated, puckered & slightly cupped. |
| 'Minuteman' | 23" | 50" | Lavender flowers on 30 to 35" scapes mid-July | LARGE - GREEN W/ WHITE EDGE. SUN TOLERANT. Sport of H.'Francee'. Dark green center with pure white margins. Better than average substance. Fast growth rate. Ornementally superior to H. 'Patriot'. |
| 'Miss Saigon' | 17" | 39" | Very fragrant, light lavender flowers in August | MEDIUM - GREEN W/ WHITE EDGE. VERY FRAGRANT FLOWERS. Sport of H. 'Fragrant Bouquet'. Dark green, glossy foliage with a creamy white margin. Fast growth rate. |
| 'Miss Susie' | 12" | | Lavender flowers in late summer with red petioles | SMALL - GOLD W/ RED PETIOLES. Elongated gold leaves with bright red petioles. Excellent specimen plant. |
| 'Mississippi Delta' | 32" | 56" | Near-white flowers on 42" scapes in late June | XLARGE - BLUE-GRAY. Upright, spreading mound of very intense blue-gray round leaves with good substance. The undulating leaf margins, deep blue color, and converging veins are reminiscent of a river delta. Moderate growth rate. |
| 'Mojito' | 24' | 52" | Pale lavender fragrant flowers in Aug. on three-foot scapes | LARGE - GREEN. FRAGRANT FLOWERS. Shiny, smooth, lush emerald green foliage. Fast growing, rich green sport of 'Avocado' offering thick substance. |
| 'Montana' | 24" | 48" | Very pale lavender flowers in July | LARGE - GREEN. One of the most common hosta species. Large green, somewhat shiny foliage with deeply impressed veins. Slight to moderately wavy with light corrugation. |
| 'Moonstruck' | 10" | 24" | Lavender flowers in August | SMALL - WHITE W/ GREEN MARGIN. Dense, small mound of yellow centered foliage that turns white, with 1" wide dark green margin. Slightly cupped. Medium growth rate. |
| 'Mostly Ghostly' | 15" | 30" | Pale lavender flowers mid-summer | SMALL - WHITE-TURNS TO GREEN. True albino as it emerges from the ground in spring. Pure white. No Green. As the season progresses, flecks of green begin to multiply on the leaves and the plant appears somewhat normal by mid-summer. . |

| Variety | Height | Spread | Flowering | Description |
|--------------------------|--------|--------|--|--|
| 'Mr. Big' | 40" | 80" | Near-white flowers on 45" scapes in mid-summer | XLARGE -BLUE-GREEN. Move over 'Sum and Substance'! Cross between H.'Montana X H. 'Elegans'. Heavily corrugated, dark blue-green foliage with excellent substance. Slug resistant. Very slow to mature. You want it big...you got it! |
| 'Mystic Star' | 10" | 28" | Very Pale lavender flowers on 20" scapes in August. | SMALL - BLUE-GREEN. Intensely colored heart-shaped leaves that comes to a distinct point. Good substance with medium growth rate. |
| 'Nakiana' | 12" | 32" | Medium lavender flowers on 15-23" scapes in July | SMALL - GREEN. A small clump of round heart-shaped, green foliage. Fast grower. |
| 'Nancy' | 10" | | Lavender flowers in late July. | SMALL - GOLD. Brilliant gold, wavy, heart-shaped foliage. Shiny, slightly cupped leaves. Very thick substance. |
| 'Neat and Tidy' | 24" | 32" | Pale lavender flowers on 36" scapes in July | LARGE - GREEN. Very unruly dark blue-green foliage. No two leaves are alike; they're twisted, rounded, cupped, crinkled and puckered. |
| 'Night before Christmas' | 25" | 63" | Pale lavender flowers on 42" scapess from mid-July into Aug. | LARGE - WHITE W/ GREEN EDGE. This vigorous, white centered hosta rapidly forms a medium mound of wedge-shaped leaves, edged by a wide dark green margin. Fast growth rate. |
| 'Nor'easter' | | | Lavender flowers in midsummer | MEDIUM - GREEN and WHITE. Sport of 'H. Christmas Tree'. Dark-green heart-shaped leaves with creamy white center. |
| 'Northern Exposure' | 27" | 70" | Near-white flowers on 34" scapes in mid-June into July | LARGE - BLUISH GREEN W/ WHITE MARGINS. Heavily corrugated with thick substance. Distinct white margins with slow growth rate. |
| 'Obsession' | 12" | 26" | Dark lavender flowers late August | SMALL GREEN. Tony Avent's incredible sport of 'Sparkling Burgundy'! Medium green leaves with near-black jagged margin. |
| 'Old Coot' | 12" | 34" | Pale lavender flowers on 18-22" scapes in July | SMALL - GREEN. Shiny, smooth, dark green foliage with a 'plastic-like' substance. |
| 'Old Glory' | 18" | 48" | Lavender flowers. | MEDIUM - GOLD W/ GREEN EDGE. Gold heart-shaped leaves have an uneven dark green border. Prominent veins with rippled edges. Medium growth rate with mound-like habit. |

| Variety | Height | Spread | Flowering | Description |
|------------------------|--------|--------|---|---|
| 'Olive Bailey Langdon' | 28" | 60" | Near white flowers on 30" scapes from June-July | LARGE - BLUE-GREEN W/ GOLD EDGE. Heavily corrugated, blue-green foliage with gold margin and thick substance. Similar to 'Frances Williams' but its margins brighten much later, thereby reducing the "spring burn" problem by 90% or more. |
| 'Olive Branch' | 15" | 36" | Nery pale lavender flowers on 20" scapes in July | SMALL - GOLD W/ GREEN EDGE. Sport of H.'Candy Hearts'. Heart-shaped foliage with butterscotch center surrounded by a very wide dark green margin. Fast growth rate. |
| 'On Stage' | 16" | 24" | Lavender flowers on 48" scapes in summer | MEDIUM - GOLD W/ GREEN EDGE. Gold-centered with green-margined foliage. Center turns to cream or chartreuse later in the season depending on light intensity. #19 AHS POPULARITY POLL. |
| 'Opipara Bill Brincka' | 24" | 64" | Purple flowers late in season | LARGE - GREEN W/IVORY EDGE. Upright long, shiny leaves. |
| 'Orange Crush' | 16" | 35" | Pale lavender flowers in July | MEDIUM - GOLD W/ WHITE EDGE. Moderately corrugated, medium gold foliage with a 1" wide creamy white margin. Medium to slow growth rate. |
| 'Orange Marmalade' | 20" | 45" | Pale lavender flowers on 36" scapes mid July into ealy Aug. | MEDIUM - GOLD W/ BLUE-GREEN EDGE. Sport of H. 'Paul's Glory'. Center of leaf is bright gold when it first emerges, becoming lighter during the season with bright light; with blue-green margin. Medium growth rate. |
| 'Pandora's Box' | 8" | 19" | Purple flowers on whitish scapes 12-19" in July | MINI - WHITE W/ GREEN EDGE. Pure white center with wide dark green margin with lighter green next to the white center. Medium growth rate. # 25 AHS POPULARITY POLL. |
| 'Paradigm' | 23" | 48" | Lavender flowers. | LARGE - GOLD W/ BLUE-GREEN EDGE. Gold leaves edged with blue-green margin. Variegation intensifies later in spring. 2007 HOSTA OF THE YEAR. |
| 'Paradise Island' | 15" | | Lavender flowers with red petioles late summer | SMALL - GOLD W/GREEN EDGE. RED PETIOLES. Sport of H.'Fire Island'. Brilliant gold foliage eventually turns to chartreuse, but the dark green edge remains. |

| Variety | Height | Spread | Flowering | Description |
|-----------------------------|--------|--------|--|--|
| 'Paradise Power' | 28" | 70" | Pale lavender flowers in mid-summer | LARGE - GOLD W/ GREEN EDGE. SUN TOLERANT. Sport of H. 'Sun Power'. Large gold leaves with slight ruffling are displayed from a distinct, vase-shaped clump. Each bright gold leaf is edged with a narrow green margin. |
| 'Pathfinder' | 16" | 36" | Lavendar flowers from late July into August. | MEDIUM - WHITE W/GREEN EDGE. Outstanding sport of 'Francee' that shows excellent vigor for a white-centered plant. White center has many green speckles and a dark green margin. Thick substance. Medium growth rate. |
| 'Patriot' | 23" | 50" | Lavender flowers on 30" scapes late July into early August. | LARGE - GREEN W/ WHITE EDGE. A sport of H.'Francee'. Wide white margin that is striking and crisp, with dark green centers and beautiful form. Medium to fast growth rate. 1997 HOSTA OF THE YEAR. #17 AHS POPULARITY POLL. |
| 'Paul's Glory' | 25" | 55" | Pale lavender flowers on scapes up to 35" mid July to early Aug. | LARGE - GOLD W/ GREEN EDGE. Brilliant gold foliage turns to creamy white by mid-summer, with a wide, irregular, blue -green margin. Moderately corrugated with good substance. Medium growth rate. 1999 HOSTA OF THE YEAR. #4 AHS POPULARITY POLL. |
| 'Peanut' | 6" | 18" | Purple flowers from mid-July into August. | MINI - WHITE W/ GREEN EDGE. Dark green margin that sometimes streaks into the creamy yellow to white center. Very heavily corrugated. Medium growth rate. People's choice award at the 2002 'First Look' seedling and sport competition. |
| 'Pineapple Upsidedown Cake' | 18" | 50" | Lavender flowers on 36" scapes in August | MEDIUM - GOLD W/ GREEN EDGE. Fast-growing mound of narrow, rippled foliage, that emerges pure green then the center turns to bright white-gold. The margins become a very dark green. |
| 'Pizzazz' | 21" | 48" | Near white flowers in July | MEDIUM - GREEN W/ WHITE EDGE. Heart-shaped dark green foliage (bluish early in the season) with a wavy, creamy-white margin. Moderately corrugated with thick substance. |
| 'Prairie Fire' | 12" | 25" | Near-white flowers on 26" scapes mid to late July | SMALL - GOLD. Brilliant gold, slightly wavy, corrugated foliage. Medium growth rate. |

| Variety | Height | Spread | Flowering | Description |
|-------------------------|--------|--------|--|---|
| 'Praying Hands' | 16" | 30" | Lavender flowers on 30" scapes from late July into Aug. | MEDIUM - GREEN W/ WHITE EDGE. Unusual folded (cupped lengthwise) dark green crinkled leaves, with a narrow cream border. Very distinctive, unusual hosta. Looks like many hands folded in prayer. |
| 'Queen Josephine" | 17" | 42" | Medium purple flower on 30" scapes in August | MEDIUM - GREEN W/ WHITE EDGE. Very glossy, dark green foliage with a wide, creamy yellow margin which turns white later in the season. |
| 'Radiant Edger' | 14" | 35" | Lavender flowers on 18 - 24" scapes from late June into mid-July | SMALL - GREEN W/ GOLD EDGE. Heart-shaped foliage with a dark green center, and a variable gold margin. |
| 'Rainforest Sunrise' | 10" | 25" | Near-white flowers in July | SMALL - GOLD W/ GREEN. Cupped foliage with a bright gold center and a dark green margin. Thick substance. |
| 'Rascal' | 25" | 55" | Lavender flowers on 36" scapes in July | LARGE - GOLD W/ GREEN. Sport of H. 'Gold Regal' features the same vase-like shape, but each chartreuse gold leaf is surrounded by a subtle green border that becomes more pronounced late in the season. Spectacular! |
| 'Raspberry Sorbet' | 10" | 28" | Bluish purple flowers on 20" scapes in August. Vivid reddish-purple scapes | SMALL - GREEN. Attractive mound of shiny, dark green foliage. Reddish flower scapes contrast nicely with bluish purple flowers. Good substance. Medium growth rate. |
| rectifolia 'Ogon Tachi' | 20" | 39" | Purple flowers from mid-August into September on scapes up to 58" | MEDIUM - GOLD. Semi-upright mound of medium to bright gold foliage. Medium to fast growth rate. |
| 'Regal Splendor' | 32" | 70" | Lavender flowers on 5' scapes late July into mid-August | XLARGE - BLUE W/ WHITE EDGE. This sport of the great H. 'Krossa Regal' has the same vase-shaped habit and frosty blue leaves, but with a nice cream border. Great specimen! 2003 HOSTA OF THE YEAR. #10 AHS POPULARITY POLL. |
| 'Reptillian' | 18" | 36" | Light lavender flowers in summer | MEDIUM -BLUE. Combines puckered, semi-cupped heavy substantced, grayish-blue-green leaves with a piecrust edge. In addition, it has red leaf petioles and flower stems. The rippling, puckering and cupping effect comes with age. Slow to mature |
| 'Rich Uncle' | 20" | 45" | Near-white flowers from late June into July | MEDIUM - GOLD. Chartreuse to medium gold foliage with very thick substance. Medium growth rate |

| Variety | Height | Spread | Flowering | Description |
|-------------------------------|--------|--------|---|--|
| 'Risky Business' | 20" | 36" | Lavender flowers in August | MEDIUM - WHITE W/ GREEN EDGE. Sport of H. 'Striptease'. Foliage consists of a narrow, pure white center and a wide dark green margin, with a twist on the leaf tip. Fast growth rate. |
| 'Robert Frost' | 28" | 36" | Near-white flowers in July | LARGE - BLUISH GREEN W/ WHITE EDGE. Dark frosty blue-green foliage with wide, streaky, creamy white margins. |
| 'Roller Coaster Ride' | 11" | 24' | Purple flowers from late August into September on 40" scapes. | SMALL - GREEN W/GOLD EDGE. Small, dense mound of heavily rippled, green-centered with creamy-edged yellow to white margined foliage. Fast growth rate. |
| 'Rosedale Golden Candlestick' | 22" | 40" | Near white flowers late June into July | MEDIUM / LARGE -GOLD. Exceptional bright gold foliage with thick substance. Medium to slow growth rate. |
| 'Rosedale Golden Goose' | 26" | 57" | Lavendar flowers on 32"scapes in July | LARGE - GOLD. OUTSTANDING SUN TOLERANCE. Large, bright gold foliage with good substance. |
| 'Rosedale Lost Dutchman' | 18" | 43" | Near white flowers mid June into July | MEDIUM - GOLD. Thick, bright gold foliage with heavy corrugation. |
| 'Royal Standard' | 26" | 50" | Very fragrant, white flowers in August | LARGE - GREEN. TOLERATES SUN. Glossy green with an upright habit. One of the oldest hosta cultivars but still one of the most dependable. Great for fast growth and large numbers of perfumey white flowers. |
| 'Royal Tapestry' | 20" | 46" | Very pale Lavender flowers on 24-40" scapes in July | MEDIUM - BLUISH GREEN W/ WHITE EDGE. Upright mound of blue-green foliage with yellow margin that changes to creamy white. Thick leaves have rippled edges and are moderately corrugated. |
| 'Sagae' | 30" | 70" | Lavender flowers on scapes up to 48' high from mid July into August | XLARGE -GREEN W/ GOLD EDGE. Formerly called flunctuans 'Variegated'. Vase shaped mound of frosted blue-green foliage with creamy yellow margin. A hosta classic! Good slug resistance. 2000 HOSTA OF THE YEAR. #2 AHS POPULARITY POLL. |
| 'Sea Angel' | 12" | 24" | Purple flowers in July | SMALL - GREEN W/ WHITE EDGE. A Mildred Seaver unique charmer. Light green center with a creamy white edge. Fast growth rate. |

| Variety | Height | Spread | Flowering | Description |
|------------------|--------|--------|--|--|
| 'Sea Hero' NA | 28" | 36" | Near-white flowers mid-June into July | LARGE - BLUE. From renowned hosta breeder Mildred Seaver. Blue-green, cupped foliage, with heavy corrugation and thick substance. Excellent slug resistant. |
| 'Sea Wiggles' | 6" | 15" | Lavender flowers August into Sept. | MINI - GOLD. SUN TOLERANT. Narrow bright gold leaves with wavy leaf edge. Radiates in a tight ground-hugging mound. Fast growth rate. |
| 'September Sun' | 22" | 50" | Pale lavender flowers from mid-July into early August | MEDIUM / LARGE - GOLD W/ GREEN EDGE. Sport of H.'August Moon'. Medium gold with wide green margins. Colors intensify during the season and with brighter light. |
| 'Silver Crown' | 24" | 54" | Pale lavender flowers in July | LARGE - GREEN W/ WHITE EDGE. Wide creamy white margins, green foliage. Forms a striking mounded clump when established. Fast growing. |
| 'Smooth Sailing' | 24' | 45' | Lavender flowers from early to late July on 36" scapes. | LARGE - GOLD W/GREEN EDGE. Gold-centered, green-margined, deeply veined, slightly wavy foliage. Medium growth rate. |
| 'So Sweet' | 22" | 50" | Very fragrant pale lavender flowers in August | MEDIUM - GREEN W/ WHITE EDGE. VERY FRAGRANT FLOWERS. TOLERATES SUN. Shiny green leaves with a wide white margin. One of the best variegated hostas with fragrant flowers. Fills out quickly! 1996 HOSTA OF THE YEAR. |
| 'Spacious Skies' | 24" | 30" | Near-white flowers early summer | LARGE - BLUE. Brilliant blue leaves with a white back. Excellent substance, great texture, big leaves of the bluest blue. |
| 'Spilt Milk' | 24" | 52" | Near white | LARGE - -FROSTED WHITE FOLIAGE. A dramatic new hosta! White streaks and splashes spill over green heart-shaped leaves. Plant has wrinkled and textured leaves typical of tokudama derivatives. #19 AHS POPULARITY POLL. |
| 'Stained Glass' | 20" | 45" | Fragrant pale lavender flowers on 30-36" scapes in August. | MEDIUM - GOLD W/ GREEN EDGE. FRAGRANT FLOWERS. SUN TOLERANT. Sport of H. 'Guacamole'. Brilliant ,shiny gold center with a wide, dark green margin. Prominent veins throughout gives stained glass window effect. 2006 HOSTA OF THE YEAR. |

| Variety | Height | Spread | Flowering | Description |
|---------------------|--------|--------|---|--|
| 'Standing Ovation' | 28" | 60" | Pale purple flowers on scapes up to 51" from late June into mid-July | LARGE - GREEN W/WGOLD EDGE. Deep green center, with wide gold margin. Lightly rippled margin and slightly corrugated. Best described as the "non-burning" 'Frances Williams' type plant everyone has been searching for. |
| 'Stargate' | 24" | 50" | Fragrant, pale lavender flowers from mid-July into August with 4 foot scapes. | LARGE - GREEN & YELLOW. FRAGRANT FLOWERS. Large, semi-upright mound of green with yellow foliage. Has lighter green streaks with mottled areas. Good substance with smooth texture. Medium to fast growth rate. |
| 'Stitch in Time' | 12" | | Pale lavender flowers in mid summer | SMALL - GREEN W/GOLD EDGE. H.'Summer Breeze' sport. Irregular dark green center that appears to be "stitched" into the leaf center, with gold margins. Extraordinary "cult status" |
| 'Sugar and Spice' | 20" | 48" | Fragrant, pale lavender flowers on 30" scapes in August. | MEDIUM - GREEN W/WHITE EDGE. FRAGRANT FLOWERS. Green-center with creamy white margin. Medium to fast growth rate. |
| 'Sultana' | 14" | 30" | Very pale lavender flowers on scapes up to 24" late June into mid-July | SMALL - GREEN W/ GOLD EDGE. Wide, light chartreuse to gold margin with distinct dark green center. Heavy textured, heart-shaped foliage. Sport of H. 'Little Aurora'. |
| 'Sum and Substance' | 33" | 80" | Lavender flowers on scapes up to 50" in August | XLARGE - GOLD.TOLERATES SUN. Huge chartreuse to gold leaves. Massive mound of slug resistant, golden foliage. Fertilized and watered plants can reach immense proportions. 2004 HOSTA OF THE YEAR. #3 AHS POPULARITY POLL. |
| 'Sum It Up' | 32" | 80" | Lavender flowers on 48" scapes in August | XLARGE - GRREN W/ GOLD EDGE. SUN TOLERANT. Sport of H.'Sum and Substance'. Green center with gold margin. Smooth, shiny texture with very thick substance. |
| 'Sum of All' | 32" | 80" | Lavender flowers open on 48" scapes in August | XLARGE - GREEN W/ GOLD. Sport of 'Sum and Substance' with wider gold margins that color up earlier in the season and create a spectacular huge mound of slug resistant foliage. Green center surrounded by gold margin with thick substance. |

| Variety | Height | Spread | Flowering | Description |
|-----------------------|--------|--------|---|---|
| 'Summer Breeze' | 22" | 50" | Pale lavender flowers on 24-30" scapes in July | MEDIUM / LARGE - GREEN W/ GOLD EDGE. Sport of H."Summer Magic". Wide gold margins surround a rich green center; excellent grower in containers as well as garden. Fast growth rate. |
| 'Summer Music' | 16" | 24" | Pale lavender flowers in early summer | MEDIUM - WHITE W/ GOLD EDGE. Large white leaf center with chartreuse margin and a yellow-gold area between the two. Slow to mature. |
| 'Summer Olympics' | 16" | 33" | Pale lavender flowers in July on 3 foot scapes | MEDIUM - GOLD. Semi-upright mound of bright gold foliage with thick substance. Gold leaved sport of H. 'Alex Summers'. Brighter gold than H. 'Gold Regal'. |
| 'Sun Power' | 26" | 62" | Lavender flowers on 36" scapes in July | LARGE - GOLD. SUN TOLERANT. Moderate wavy, bright gold foliage, with thick substance. Semi-upright habit. One of the very best gold hostas. #20 AHS POPULARITY POLL. |
| 'Sunny Disposition' | 10" | 24" | Lavender flowers in July | SMALL - GOLD. Bright gold heart-shaped leaves. Fast growth rate. |
| 'Super Nova' NA | 24" | 55" | Near-white flowers on 32" scapes mid-June into July | LARGE - GOLD W/ BLUE-GREEN MARGIN. Sport of H.'Frances Williams'. Large leaves with blue-green margins. Center color varies from chartreuse in early spring to medium gold by mid-summer. |
| 'Surprised by Joy' | 8" | 4" | Lavender flowers on white scapes. | MINI - WHITE W/ GREEN EDGE. Arrow-shaped, narrow cream to white leaves have a crisp, dark green edge. Needs bright filtered light or morning sun to maintain its vigor. |
| 'Sutter's Mill' | 30" | 72" | Pale lavender flowers in late June on 32" scapes. | XLARGE - GOLD. Bright gold foliage with good substance. Slow growth rate. Gold version of 'Big John'. |
| 'Tattoo' | 10" | 18" | Lavender flowers in early summer | SMALL - GOLD W/ GREEN EDGE. Sport of H.'Little Aurora'. Round, bright gold leaves, with a wide, light green margin. Each leaf is tattooed with a green outline of a maple leaf in the center! |
| 'Teaspoon' | 11" | 24" | Pale lavender flowers on 20" scapes in July | SMALL - GREEN. Medium green, moderately corrugated, cupped, rounded foliage. |
| 'Teeny -weeny Bikini' | 7" | 9" | Tiny lavender flowers mid to late summer | MINI - WHITE W/GREEN EDGE. Tiny creamy -white wedged-shaped leaves with a dark green edge. |

| Variety | Height | Spread | Flowering | Description |
|----------------------------|--------|--------|---|---|
| 'The Shining' | 20" | | Pale , fragrant lavender flowers in late summer | MEDIUM - GOLD. FRAGRANT FLOWERS. Large gold leaves. Morning light draws out the best leaf color. |
| 'Thumbelina' | 10" | 24" | Pale lavender flowers on 18" scapes in July | SMALL - GREEN W/ WHITE EDGE. Very attractive low mound of wide, creamy white margined foliage with medium green center. Fast growth rate. |
| 'Thunderbolt' | 20" | 40" | Near-white flowers in early summer | MEDIUM - GOLD W/BLUE EDGE. Sport of H.'Elegans'. Very thick,rubbery blue leaves have a gold flash down the center of each leaf. Slug resistant. |
| 'Tiny Tim' | 6" | 15" | Purple | MINI. This Seven Arrows introduction is a wonderful little edger. |
| 'Tokudama' | 17" | 36" | Near-white flowers on 24" scapes from mid-June into July | MEDIUM - BLUE. Heavily corrugated, rich blue-green foliage. Thick substance and great slug resistance. Like a smaller version of H. 'Elegans.' Slow to mature. |
| 'Tokudama Aureonebulosa' | 15" | 32" | Near-white flowers on 24" scapes from mid-June into July | MEDIUM - GOLD W/ BLUE EDGE. Centers are a mixture of gold, chartreuse, blue, and green, with blue-green margins. Colors intensify in brighter light and with age. Heavily corrugated with thick substance. Slow to mature. |
| 'Tokudama flavocircinalis' | 18" | 40" | Near white flowers on 30 " scapes from mid-June into July | MEDIUM - BLUISH GREEN W/ GOLD EDGE. Heavily corrugated, with thick substance and slug-resistant foliage. Thought of as a smaller H. 'Frances Williams' (MARGIN DOES NOT BURN). Somewhat slow-growing although faster than other 'Tokudamas. |
| 'Ultramarine' | 18" | 40" | ? | MEDIUM - BLUE. Rich, bright blue leaves have smooth texture and thick substance rapidly forming a dense mound of foliage. |
| 'Undulata' | 12" | 32" | Pale lavender flowers in July | SMALL - WHITE W/ GREEN EDGE. Small mound of very wavy, white-centered foliage, with a green margin and twisty tips. Reaches its peak early in the season. Unattractive looking by September. |
| 'Uzu No Mai' | 3" | 5" | Purple striped on short scapes | MINI - GREEN. The smallest & most unique hosta on the market. Tiny rosettes of green foliage. Does best as a container plant. Requires protection zones 4 & colder. |

| Variety | Height | Spread | Flowering | Description |
|--------------------|--------|--------|---|--|
| 'Venusta' | 7" | 30" | Purple flowers in July | MINI - GREEN. Small, dense mound of teardrop-shaped green leaves. Slightly wavy, smooth texture with average substance. |
| 'Victory' | 30" | 70" | Near-white flowers on tall scapes from mid-July into August | XLARGE - GREEN W/ WHITE EDGE. Vigorous, huge mound with a smooth texture and excellent substance. |
| 'Warwick Delight' | 6" | 12" | Light purple flowers in early summer. | MINI- WHITE W/ GREEN. Thick substance, with a glossy cream center, surrounded by a narrow light green margin, which is surrounded by a very dark green wide border. Fast growth rate. |
| 'Whirling Dervish' | 22" | 45" | Lavender flowers on 3 ft. scapes from late July into August | MEDIUM - GREEN W/ WHITE EDGE. Sport of "Whirlwind". Striking variegation with good substance. |
| 'Whirlwind' | 19" | 40" | Lavender flowers on 30" scapes from late July into August | MEDIUM - GREEN W/ WHITE EDGE. Dark green margins surround cream to white streaked leaves. Vigorous growth rate. #12 AHS POPULARITY POLL. |
| 'White Christmas' | 15" | 35" | Pale lavender flowers mid-July into August | SMALL - WHITE W/ GREEN EDGE. White center with a dark green irregular margin. Very popular due to the demand for white-centered hostas. Like many other white-centered hostas it needs some direct sunlight. |
| 'White Feather' | 12" | | Lavender Flowers in mid summer | SMALL - WHITE /GREEN. Snow white leaves in spring. Strong grower. Looks beautiful after it streaks up green with white stripes. |
| 'Wide Brim' | 18" | 45" | Pale lavender flowers in July | MEDIUM - GREEN W/ GOLD. Blue-green foliage with an irregular cream margin. Fast growth rate. Vivid contrast between the green center and wide, irregular, creamy yellow margin is quite striking. |
| 'Willy Nily' | 30" | 40" | Near-white flowers on 30" scapes | LARGE - BLUE. This plant sports heart-shaped, rugose leaves, which are lightly wavy and corrugated. Semi-upright habit. |
| 'Winfield Blue' | 18" | 45" | Pale lavender flowers on 28" scapes. | MEDIUM - BLUE. One of the best powdery blue hostas on the market today. Good substance with rippled edges and medium growth rate. |
| 'Winsome' | 8" | 24" | Lavender flowers in July. | SMALL - GREEN W/ WHITE EDGE. Green centered foliage with a creamy white margin. Great little hosta. Medium to fast growth rate. |

| Variety | Height | Spread | Flowering | Description |
|-----------------|--------|--------|---|---|
| 'Wolverine' | 18" | 40" | Pale lavender flowers in August | MEDIUM - BLUISH GREEN W/ GOLD EDGE. Excellent contrast between creamy yellow margins and wide dark green center. Heavy substance. Fast growth rate. |
| 'Wylde Green' | 12" | 30" | Lavender flowers open 18" scapes in July. | SMALL - GOLD W/ GREEN EDGE. Outstanding contrast between dark green margin and bright gold center. |
| 'X-rated' | 4" | 18" | Bright purple flowers in August. | MINI - WHITE W/ GREEN EDGE. White leaf center with a wide, heavily rippled green margin. Leaf center remains white for the whole growing season. Average substance. Medium growth rate. |
| 'Yellow Splash' | 18" | 30" | Dark purple flowers | MEDIUM - GREEN W/ GOLD EDGE. Medium green leaves with streaky gold margin. Grows upright. Unusual and quite showy. |
| 'Zounds' | 22" | 50" | White flowers early in the season | LARGE - GOLD. Bright gold heavily textured leaves seem to glow, especially in the evening. Slug resistant. |
